Good gosh. When it rains - it pours. At least you don't have to worry about the third thing happening....

How are you doing? How's your dad?

Don't know yet. My travel situation is pretty tricky right now given my own family crisis. Is kind of the summer from hell, don't you think!

Jennifer,

I hope you are doing well. I've been thinking of you. Are you getting caught up in the response to the Gold King Mine blowout? I heard that Deb M. is in the field answering risk questions and has had to put Libby on the back burner for a while. Are you going to the field?
